Report of Oman on implementation of Security Council resolutions 2371 (2017) and 2375 (2017)

We write further to the report that Oman submitted to the Security Council in 2017 regarding implementation of Security Council resolutions 2270 (2016) and 2321 (2016) (S/AC.49/2017/85). We refer to Security Council resolutions 2371 (2017) and 2375 (2017), which set out measures and procedures with regard to the Democratic People's Republic of Korea. Oman reiterates that it supports all international endeavours to achieve nuclear disarmament and safeguard international peace and security. It remains committed to the relevant international resolutions.

Oman proactively began implementing the resolutions immediately upon their adoption by taking the following measures:

1. Finance: The resolution prohibits the opening or expansion of joint ventures or cooperative entities. Accordingly, a circular has been sent to all banks and licensed financial institutions in Oman instructing them to take the necessary action. No financial or commercial transactions or work applications from citizens of the Democratic People's Republic of Korea have been reported in Oman.

2. Identification and listing of names: The resolution imposes sanctions on individuals, entities and companies in the annexed list and sets out the necessary measures to freeze assets and prevent travel and transit. The competent Omani authorities have taken the necessary action to implement the resolutions by adding the names in question to the persona non grata list. They have also implemented the required customs procedures. None of the individuals subject to a travel ban under the resolutions has been recorded as transiting through entry points to the country.

3. Transport, cargo and other sector-specific issues: Oman has a large body of laws and regulations covering these areas. Ports comply with mechanisms set out in domestic and international laws and instructions. All Omani ports and maritime companies have been advised of the requirement to comply with the relevant international resolutions. No entries have been recorded of vessels flying the flag of the Democratic People's Republic of Korea. There have been no dealings with the prohibited companies. A or with shipments involving the goods specified in the relevant Security Council resolutions.

4. Diplomatic cooperation: With regard to the request to reduce the numbers of diplomats, and with regard to the Panel of Experts' request for information regarding any diplomatic or consular or trade representation in Oman, we wish to note that the Democratic People's Republic of Korea does not have any diplomatic mission in Oman. There is no resident diplomat, except for a North Korean ambassador who is resident and accredited in Cairo.

Lastly, Oman reaffirms its support for all international efforts to achieve nuclear disarmament and maintain global peace and security. It complies with the relevant international resolutions, and reiterates that Omani Government institutions do not have agreements, treaties, dealings or contracts with the Democratic People's Republic of Korea.

Annex to the note verbale dated 18 January 2018 from the Permanent Mission of Uganda to the United Nations addressed to the Chair of the Committee

Report of Uganda on the implementation of Security Council resolutions 2321 (2016) and 2371 (2017)

In accordance with paragraph 36 of resolution 2321 (2016) and paragraph 18 of resolution 2371 (2017), in which all States were called upon to report to the Security Council within 90 days of the adoption of the resolution, the Government of the Republic of Uganda has the honour to submit its detailed implementation report on the resolutions, as indicated in its preliminary report submitted on 28 February 2017 (see S/AC.49/2017/16).

The Government of the Republic of Uganda has taken various measures to effect the provisions of the resolutions in question.

The Cabinet directed all ministries, departments and agencies to take all measures necessary to comply with the resolutions and to report to the Ministry for Foreign Affairs thereon.

Scientific and technical cooperation with persons or groups officially sponsored by or representing the Democratic People's Republic of Korea

The Government of Uganda has effectively terminated all contracts relating to scientific and technical cooperation with the Democratic People's Republic of Korea, including with persons or groups officially sponsored by or representing that country. Institutions including Kyambogo University and Busitema University have cancelled all contracts with lecturers from the Democratic People's Republic of Korea. Kampala International University is in the process of cancelling similar contracts. The Directorate of Citizenship and Immigration has cancelled the entry permits of 9 doctors and 14 air force instructors from North Korea and continues to await communication from other ministries, departments and agencies on the termination of engagements, whereupon entry permits will be cancelled and safe passage out of the country facilitated. All defence contracts have been terminated.

Checking personal luggage and checked baggage of individuals entering from or departing to the Democratic People's Republic of Korea

The Government of Uganda, as a principle, always checks the baggage of all individuals entering and departing Uganda. For the purpose of implementing the provisions of the resolutions, a circular was issued to all immigration officials at border points to ensure strict compliance. The stop list was updated by the Directorate of Immigration and Citizenship and it includes the list of all individuals and companies that are subject to Security Council sanctions. All cargo, diplomatic or non-diplomatic, accompanied or unaccompanied, to and from the Democratic People's Republic of Korea is now being inspected.

Reducing the number of staff at diplomatic missions and consular posts of the Democratic People's Republic of Korea

The staff of the embassy of the Democratic People's Republic of Korea has been reduced. Yu Kyong Jin and Jong Kuk Chol, who were allegedly employees of an entity subject to United Nations sanctions, the Korea Mining and Development Trading Corporation, were asked to leave the country in October 2017.

Restricting entry into or transit through Uganda

Restrictions are being enforced regarding the entry into or transit through Uganda of officials of the Government of the Democratic People's Republic of Korea and members of its armed forces, if it is determined that such members are associated with the Democratic People's Republic of Korea nuclear or ballistic missile programmes or other activities prohibited under the relevant Security Council resolutions. The Government has, as a further measure, instructed all agencies responsible for customs, immigration, civil aviation and security to strictly enforce the sanctions measures without exception.

Limiting the number of bank accounts to one per diplomatic mission and consular post of the Democratic People's Republic of Korea, and one per accredited diplomat and consular officer, at banks in Uganda

The Central Bank of Uganda, through its supervisory authority, directed commercial banks to ensure that the embassy of the Democratic People's Republic of Korea retained only one account. Similar written instructions have been given to restrict each embassy official of the Democratic People's Republic of Korea to one account.
